Braxtyn and Aspen have also met January's Book It goal of reading 15 books. Good job! One week left to meet the goal.

When your children come home today—ask them what we did for our 100th day of school. What a fun day to celebrate!

We will start off Lutheran Schools Week with singing in church on Sunday. I hope to see everyone there! The front of the newsletter tells about all the fun we will have each day next week. There isn't anything better than being able to talk about Jesus every single day at school!

Our Valentine's Day party will be on Thursday, February 13, from 10:00-11:00. Lisa, Tamra, and Melissa are making plans. We will be decorating valentine sacks in school, but anyone can decorate and bring in a valentine box from home if wanted. All first, second, and third graders should bring valentines for all of their classmates on the 12th or 13th.

Third graders are starting a new unit in Science. It is on water and weather, including the water cycle. First and second graders are starting a new chapter in Science on changes in matter—specifically learning about solids, liquids, and gases.

See you Sunday!
